Installation

Mount on the Wall
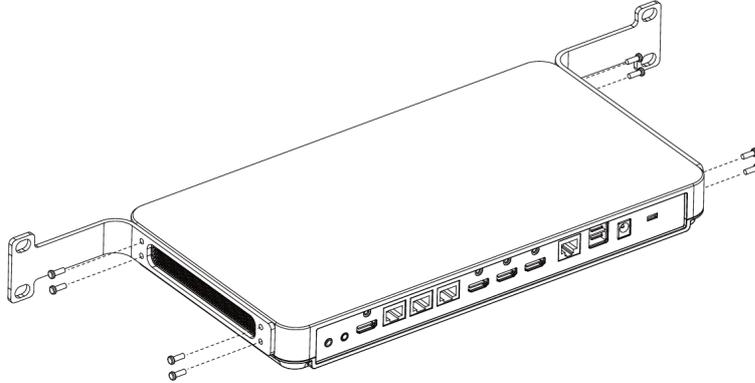

Stick to the Table

Put on the Desk

Mount in a Rack

> ⓘ **NOTE**
> The rack in which the MeetingEye 500 will be placed must be a 19-inch Rack compliant with IEC 60297.

1. Install the mounting ears to the sides of the MeetingEye 500.

2. Push the MeetingEye 500 into the rack, and then fix it to the rack with screws.

> ⓘ **NOTE**
> Package Contents do not include screws.

Connections

> **ⓘ NOTE**
> - The current version supports dual-screen display, and triple-screen display will be supported in the next version.
> - The Audio port also allows connecting non-audio devices such as cameras. However, it is recommended to connect audio devices to the Audio port for better performance.

Supported Accessories

For the compatible devices and the maximum number of compatible devices, please refer to Zoom Rooms Accessories Compatibility Lists.
