VC320 Conference Camera
Portable All-in-One Conference Camera for Video Collaboration

AVer’s VC320 Conference Camera offers high-quality video conferencing superior to purely software-based systems, but without the expense of traditional hardware. Extremely easy to use, the VC320 needs only be plugged into a computer via its plug-and-play USB connection for users to enjoy crystal-clear video and audio with nearly any cloud- or web-based video conferencing platform. Moreover, the VC320 boasts a compact design combining a microphone, speaker and electronic Pan Tilt Zoom camera in a single easy-to-carry device, making it the perfect mobile video collaboration solution.

110° Super Wide Angle Perfect for Small Workgroups
Great for huddle rooms, the VC320 allows groups of 2 to 8 to enjoy full HD 1080p video and lifelike sound quality even when meetings are held in small spaces. Now you can be sure to see and be seen, hear and be heard during any meeting.

Versatile NFC and Bluetooth Connectivity
Connecting with different mobile devices or using wireless pairing connections video conferencing has never been easier or more convenient than with the VC320.

Rechargeable Battery
Thanks to the VC320’s rechargeable battery video conferencing no longer requires struggling with a tangle of cords. With a fully charged battery you can conduct calls for up to 2 hours, without plugging into an outlet. When the battery runs low you can recharge via AC power, ensuring you will be ready for meetings even when outside the office.

Screen Mirroring
Share presentations, videos, spreadsheets or Internet content from mobile devices to TV screens via a wireless connection to the VC320. With the ability to share collaborative content your discussions are sure to become both livelier and more effective.

Simple USB Plug and Play
With no device driver installation needed, simply plug the VC320’s USB connector into any device and you can immediately start conferencing with nearly any leading application! Now high-quality conferencing is possible for anyone, even without special training or support staff.

Product specifications

Package contents
• VC320 main unit
• Remote control
• Power adapter
• 5M USB cable
• HDMI cable
• Quick-start guide

Camera
• Full HD 1080p at 30 frame per second
• UVC1.1 YUV/MJPEG with H.264 extension
• Glass multi-coating lens with 110° field of view
• F-stop: F2.0
• 5X zoom (including 1.7X lossless zoom)
• Smooth and fast electronic pan, tilt and zoom
• Manual tilt: ±10°
• Fixed-focus lens support 1 meter to infinity
• EZCrop* one button auto crop all faces detected into full frame
• Camera privacy shutter button
*button on remote control

Screen mirroring
• HDMI input and output
• 2.1A port for powering Chromecast or specified 3rd party wireless display adapter for wireless screen mirroring

Speakerphone
• Integrated full duplex speakerphone with echo cancellation and noise suppression
• 360° wideband audio with 15-foot diameter range
• USB, Bluetooth and NFC enabled
• Bluetooth: HFP, HSP, A2DP, BLE; Bluetooth 4.0 Class II 10M range
• Capable of bridging USB and Bluetooth call
• Mute button on remote, LED indicator on unit

Microphones (Tx)
• 1 omni-directional microphones
• Frequency response: 100Hz – 16KHz
• Sensitivity: -36dB +/-3dB
• Distortion: <1% @ 1KHz at 110dB

Speakers (Rx)
• Frequency response: 270Hz – 16KHz
• Sensitivity: 80dB SPL / 1W/1M
• Max output: 90dB SPL at 0.5M
• Distortion: <5% at 179Hz – 10KHz
• 5W speaker

Remote control
• Dockable infra-red remote control

Convenience and security
• Battery life: up to 2 hours videoconferencing or 8 hours Bluetooth audio call
• Battery rechargeable through AC power (adapter included)
• Time to fully charge battery (from AC power, device idle): 3 hours
• Standard tripod thread
• Kensington security slot

System requirements*
• Windows 7, 8, 8.1, 10
• Mac OS X 10.7 or higher
• Google Chromebook or Chromebox 29.0.1547.70 Platform 4319.79.0 with:
  - 2.4GHz Intel Core 2 Duo Processor
  - 2GB RAM or more
  - Hard drive space for recorded videos
  - USB 2.0 port

Power supply
• AC 100V ~ 240V
• Consumption: 12V/2A

Environmental data
• Physical characteristics: 0~35°C
• Operation humidity: 20%~80%
• Storage temperature: -20~60°C
• Storage humidity: 20%~80%

Physical characteristics
• Package dimensions: 354 x 233 x 158 mm
• Package weight: 0.45kg / 1lbs
• Camera: 65 x 100 x 300 mm / 0.895kg
• Remote control: 150 x 45 x 11 mm / 0.040kg

Compliance and tools
• YUV, MJPEG, H.264 SVC*, AVC (high and base profile)
• USB 2.0 UVC (USB Video Class) 1.1 with H.264 extension

Screen mirroring
• HDMI input and output
